Dear Rob:

Thank you very much for the superior work that you did for me regarding the recent case that we worked on together concerning the errant vehicle that drove through a parking space in a shopping center and hit my client who was seated on a concrete bench on the shopping center sidewalk. I want to personally thank you for the great quantity of materials that you provided to me that were helpful in convincing the defendant in this matter that this type of collision was foreseeable.

Further, I also want to thank you for the detailed and convincing report that you prepared concerning your analysis of this case. Your report was not only persuasive, but it contained an incredible amount of detail concerning other similar incidents which contributed to the settlement of this case.

Lastly, I want to thank you for your accessibility to discuss this case. You were always available either through your cell phone or your computer whenever I needed your help.

Based on your expertise and advice, I was able to achieve a significant settlement for my client who was severely injured in this incident. I hope we can work together on another case in the near future.

Thanks for your prompt service and your tireless dedication to helping people who suffer severe injuries in these type of errant vehicle cases.

Sincerely,

Thomas J. McNally
